# Notice to TZtouch3 and SiriusXM Fish Mapping Users

TZtouch3 currently has a selection for up to 14 Fish Species but only the first six selections will provide results. The other fish species fall into the category of one of six and have been consolidated for ease of use. The extra fish species selections will be removed in the next version of TZtouch3 software. When using the Fish Mapping display, please choose from one or more of the following:

1. Tuna
2. Billfish
3. Swordfish
4. Kingfish
5. Wahoo
6. Mahi

Please contact our highly knowledgeable Technical Support Department with any questions you may have. We look forward to providing you with more of these useful technical tips in the future.
