## Here's How To Unlock The Full Potential Of The TZT2BB Video Outputs When Using Only One display

May 16, 2019  
Furuno Fred #2019-03

Did you know you can access both video outputs of the TZT2BB using only one monitor? [Click here](#) to learn how you can unlock this capability, along with a whole host of additional screen options that will offer immense flexibility for your customers.

The photos below provide a taste of what is possible:

Dual range with one Radar and single range of second Radar on same display

Secondary video (three-way screen) displaying in quarter selection of primary display
